LOCAL NOTES.

Silver is quoted at 65 1/2.

BORN—Benson, December 14th, 1896, to the wife of William Shillman, a daughter.

Do not forget the Rescue Hose Co. dance on New Year's Eve. It will be the social event of the year.

Scott White returned today after an absence of several weeks on official business connected with the U. S. marshal's office.

The new Empire smelter at Rollin, near Crittenden, will give a great impetus to mining in the southeastern portion of Pima county.

Bisbee has become one of the most important cattle shipping points in Arizona. More than 7,000 head were shipped from there in the month of November.

Lieut. J. M. Palmer, recently stationed at Ft. Garret, is a grandson of Senator Palmer, the late candidate for president on the gold democratic ticket.

If you want a good No. 6, cookstove, several pans and pots, also a small heating stove thrown in; all second hand but in good condition, can be had for \$10, cash; also a good sewing machine—Singer—second hand but in A1 working order, for \$12, cash. Call at this office for particulars.

A fifty-eight pound watermelon was on exhibition last week at the Phoenix chamber of commerce. It was raised by Mr. Frank McFall, on his ranch near Phoenix.

The jury in "Swearing case" before Justice Koska's court again disagreed last night and the case has been dismissed. The case is a peculiar one and furnishes much food for talk on the streets.

Awarded Highest Honors—World's Fair, 'DR.

PRICE'S CREAM BAKING POWDER

MOST PERFECT MADE

A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. 25 YEARS THE STANDARD

BOUND OVER

Zack Taylor Held for the Murder of J. D. Smith.

In the examination of Zack Taylor yesterday, before Justice Alvord on a charge of murder, the testimony developed the fact that the murder was a most unprovoked, deliberate act, and was so regarded by the judge, attorney and court spectators. Without any provocation further than a trivial disagreement over a mining claim some weeks before to which any cause could be assigned for the rash deed. Taylor deliberately went to the house of his victim J. D. Smith and shot him down in the manner already published in the PROSPECTOR. Taylor was held without bonds to answer before the next grand jury.

Marvelous Remedy.

From a letter written by Rev. J. Gundersen, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rivers Junction she was brought down with Pneumonia, succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick to its work and highly satisfactory in results." Trial bottles free at Tombstone and any Drug Store. Regular size 50c.

Every woman needs Dr. Miller's Pain Expeller.

BRYAN ON IMMORTALITY.

A Glowing Tribute to the Protecting Care of the Unseen.

The following tribute to the soul's immortality by W. J. Bryan is a part of an address on the death of a friend. It is a gem and is worthy of preservation:

"If the Father designs to touch with divine power the cold and pulseless heart of the buried and make it burst forth from its prison walls, will He leave negligent the soul of man, who was made in the image of the Creator? If he stoops to give to the rose bush whose withered blossoms float upon the autumn breeze the sweet assurance of another springtime, will he withhold the words of hope from the souls of men when the frosts of winter come? If matter, mute and inanimate, though changed by the forces of nature into a multitude of forms, can never die, will the spirit of man suffer annihilation after it has paid a brief visit, like a royal guest, to this tenement of clay? Rather let us believe that He who in His apparent prodigality wastes not the raindrop, the blades of grass or the evening's sighing zephyr, but makes them all to carry out his eternal plans, has given immortality to the mortal and gathered to himself the generous spirit of our friend."

Word received late this afternoon states that Lieut. Bullock who was suffering from pneumonia at the San Bernardino ranch died there last evening.

John Hanley the hustling Tombstone milkman returned last evening from Bisbee. Mr. Hanley finds Bisbee a desirable market for a good supply of his dairy produce and disposed of 60 rolls of butter without any trouble.

Holland Herring, Limberger Cheese, and Sauer Kraut, at HOEFLER'S.

The delay of Mr. A. E. Pierce grand master workman of the Grand Lodge of Workmen for the jurisdiction of New Mexico, Colorado and Arizona, in not coming to Tombstone is occasioned by the fact that he is sick abed in Phoenix. His wife and son joined him from Denver Sunday.

A letter received from Louis Koehn formerly of Tombstone and remembered by many, locates him in Mansfield Oregon, where he is connected with the wholesale firm of McPherson & Co. Wm. Truesdale, formerly machinist at the Contention is also there as machinist in the railroad car shops, while Dave Hutchison a former Tombstone miner is in the saloon business in the same city. All are doing well but would like to return to their first love if time would warrant.

GOVERNOR'S REPORT.

Expected to be Ready by New Year.

Governor Franklin when asked about his annual report the governor said to the Gazette that the document would probably be here by the first of the year and that already he has been deluged with a flood of letters from nearly every state inquiring for a copy. The report issued last year by Governor Hughes, said Governor Franklin is an excellent one, the best ever issued up to date by the governor of any territory, and is a valuable immigration document, worth for that purpose, ten times its cost. It will contain fifty-four illustrations of public buildings, the Indian school and various agricultural and horticultural industries, besides a correct statement of industries resources and affairs of every county in the territory. The government provides a thousand copies and ten thousand extra have been ordered.

FOR OVER FIFTY YEARS.

An old, well-tried remedy, Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, (and take no other kind).

OUR TRADE WITH MEXICO

Constantly Increasing, Bright Outlook.

The importance of our sister republic as an exporting, energetic business country is becoming manifest every day. The large amounts of machinery that is daily being shipped into that country from the United States plainly shows that our neighbors across the line have within them the spirit of the age and are adapting themselves to the conveniences of the labor saving appliances of the times. This is certainly a very encouraging sign and if our manufacturers are wise they will not lose the opportunity of nursing this feeder of their business into permanency, which needs only a little effort and a liberal policy toward this people.

The exports from that country into this is also becoming extensive, and is increasing yearly. For the present season to date about 150 carloads of oranges alone have passed the port of Nogales over the N. M. and A. to markets of the United States, and it is estimated that the aggregate of this season's shipment will be about 300 car loads. If the season of 1897 is proportionate the increase in sales of this fruit alone, it thought, will reach from 500 to 600 carloads.

Last August while working in the harvest field became overexposed, was suddenly attacked with cramps and was nearly dead. Mr. Cummings, the druggist, gave me a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy which completely relieved me. I now keep a bottle of the remedy handy. A. M. BUNNELL, Centerville, Wash. For Sale by Druggists.

New line of clocks at WOLCOTT'S.

LOOK HERE!

Do you want some fine laying hens of blooded stock cheap? 300 hens and 12 roosters of white and Brown leghorn and Black Spanish varieties. Good layers, will be sold at \$12 per dozen. Call and see them and buy a dozen for home use.

A. D. WALSH, Can Can Restaurant.

WANTED.

AGENTS—Big money, article to sell to every rancher. Address Mullen & Co. Los Angeles, Cal.

Seedless Raisins, London Layers, Fresh Currants, Cape Cod Cranberries, Sicilian Citron, at HOEFLER'S.

Cranberries, eastern apples and Buckwheat flour at WOLCOTT'S.

SAD ACCIDENT

The Horrible Manner in Which a Miner Was Crippled.

The Arizona and New Mexico company is changing its roadbed this side of Clifton, in order to make it more secure during the flood season. In doing this work considerable blasting has been necessary, to do which some experienced miners were set to work. A Mexican who has worked in the mines a long time, had drilled a hole about twenty feet deep and was putting in some dynamite. He had one stick in and tamped down using an iron tamper rod some twenty feet long and three quarters of an inch in diameter. He had his charge properly placed and started to withdraw the rod. He had it nearly out of the hole when it slipped from his hands and fell back in the hole. On striking the dynamite the concussion was so strong that it caused an explosion, throwing the rod out of the hole. When the rod went down the man evidently leaped over the hole and when it came up it caught him just below the shoulder. Eighteen feet of this rod went through the man's body and then it stuck. The other workmen rushed to his assistance. The rod could not be pulled back, and it took the united efforts of three strong men to pull it through. The man's face was terribly cut. Notwithstanding these terrible injuries the man is still alive and the doctors say he will undoubtedly recover—Lordsburg Liberal.

A MINING LAW POINT.

Important Suit Adjudicated by Judge Baker.

Judge Baker made a ruling of importance to miners this morning in the case of L. P. Nash et al. against L. J. Horton et al. The action was one to recover the possession of the ground alleged to have been covered by the notice of location of the Overlook mine.

In August, 1894, the plaintiff put up one monument and placed his notice in it, and without doing any more left the premises. In October of the same year he returned to the place in order to erect other monuments, but was there met with arms by the defendants, who were upon the claim, and they ordered him not to enter.

Judge Baker held that the plaintiff was guilty of unreasonable delay in not completing his location; that the law required an immediate completion of the location or at least its completion within a reasonable length of time and that plaintiff, without excuse had delayed too long; that the defendants having lawfully and peacefully entered upon the premises during the interval and being actually in possession thereof when the plaintiff returned in October, plaintiff could not recover.

A verdict was therefore directed for the defendants.

The decision clearly and succinctly covered the general principles governing mining locations and was pronounced by the parties to be a very forcible exposition of the law.—Herald.

Two Lives Saved.

Mrs. Phoebe Thomas of Junction City Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery cured her, and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which there are samples in bottles in coughs and colds. Free trial bottles at Tombstone and Bisbee drug stores. Regular size 50c and \$1.00.

- Unknown, Copper King mine No. 38, Cochise district..... 5.08
- G. S. White, Wilcox—Lot 11 block 22..... 3.21

J. S. WILLIAMS, Chairman.

Attest: A. KENTWORTH, Clerk.

By W. A. HARWOOD, Deputy.

SHERIFF'S SALE.

PUBLIC NOTICE IS HEREBY GIVEN, that under and by virtue of a special execution issued out of the District Court, of the First Judicial District, of the Territory of Arizona, in and for the County of Cochise, on the 21st day of November, 1896, on a judgment thereon rendered on the 20th day of November, 1896, in favor of Paul H. Wanketron, plaintiff, and against H. C. Harwood and Daniel Huddy, co-defendants, for the sum of two thousand and forty seven and 45/100 dollars, and one hundred and seventy-one 45/100 dollars costs of suit, and accruing costs, by which I am commanded to sell all those certain lots, pieces and parcels of real estate, situate in the town of Pearce, county and territory aforesaid, and described as follows, to-wit:

Two lots in said town of Pearce, known as the store and lumber yard of said Harwood & Huddy, on the east side of Wilcox street and bounded on the north by the property of Henry Finch.

I will sell at public sale to the highest and best bidder for cash, currency of the United States, on the

16TH DAY OF DECEMBER, 1896,

at 1 o'clock p. m. of that day, all the right title and interest which the said Harwood and Huddy had in and to the said above described real estate, on the 31st day of October, 1896, the day the attachment in said case was levied thereon.

C. S. FLY, Sheriff.

Dated: November 23rd, 1896.
